January 2021

Winter greetings!

Each year the School of St. Philip hosts a Discovery Day. This is normally an opportunity for families to visit school and learn everything about what we have to offer. It is also a chance for your preschooler to have a fun positive interaction with school. This has become a much-loved and anticipated event. Unfortunately, with the year that we have had, an in-person Discovery Day is just not possible. So...we are going virtual. We have planned activities and experiences for you and your preschooler to enjoy separately and together. Every week from now until Kindergarten Round-up on April 15th you will be provided with an activity or experience. Everything you need for the activity will be provided unless it is a common household item.

Our first activity is with the book, *Little Bear's Special Friend*, that you have just received. Log on here to see the first person reading this book to your child:

<https://www.schoolofstphilip.org/discovery-day>

We hope that this book will quickly become a favorite and that you will keep it in a special place so that your child can enjoy it often. Other people will be reading the book to your child in weeks to come.

I hope that you are excited about Discovery Day and enjoy the experience just as much as many of you have in the past. I look forward to meeting you online and at some point, in-person.

Yours in Christ,

Percy Lingen, principal
