

Community Feedback

"When choosing a school for our daughter we found a perfect fit at St. Philip, they helped her grow so much in her first year as a kindergartener. With a smaller class size it was easy for the teacher, and us as parents, to focus on the skills she needed to transition into a school setting."

- Courtney Johnson, Parent

"The School of St. Philip has a unique, family-oriented community feel!

Our school thrives on the strong relationship between parents, teachers, and staff working toward educating the whole child. In other words, our school feels like home!"

- Melissa Thompson, Parent

"Simply put, the School of St Philip is family. The small class sizes and talented staff help my daughter to grow as a whole person- intellectually, spiritually, and emotionally."

- Mallie Dondell, Parent

EDUCATING THE WHOLE CHILD: MIND, BODY AND SPIRIT

The SoSP develops the mind of our students through

- Challenging academics
- Engaging activities
- Unique experiences
- Enrichment through STEM, Spanish, and Reading Counts programs

The SoSP helps children thrive physically through

- Dynamic PE classes - often outside
- A safe, bully-free space
- A focus on whole-body wellness
- Use of calming sensory tools
- Hands-on learning in all areas

Life at the SoSP is

- Centered on faith and values
- Modeled after Jesus' life teachings
- Infused with prayer – Beginning with all-school prayer each morning
- Supported by models of faith in our school and local community
